

Product Name :

Semi Auto Chemistry Analyzer Touch Screen Open System

Product Code :

BIO-CH0001

**Description :**

Semi Auto Chemistry Analyzer Touch Screen Open System

Technical Specification :

Reading Cuvette: Flow cell and Direct reading cuvette

Aspiration Volume: 500 μ L

Incubator: 20 incubation positions

Photometric System: Light Source: 6V/10W halogen lamp

Wavelength: 340,405,492,510,546,578,620nm (450, 670nm on request)

Thermostatic Control: Temperature: 25, 30, 37°C

Measuring System: Method: End point, Fixed time, Multistandard, Differential, Bichromatic and Immunoturbidimetric, etc

Measuring Range: 0-3.000 O.D

Photometric Linearity: 0.2A-0.5A \pm 5%; 0.5A-1.0A \pm 4%; 1.0A-1.5A \pm 2%Photometric Accuracy: \pm 1% (0-3.000 O.D)

Display: 7 inch Touch Screen

Storage: Over 200 programs, 1000 test results

Printer: Built-in thermal printer

Software: Windows XP/2000 on request

Interface: USB Port for external printer, keyboard, software update(optional)

Power Supply: AC 110V/60Hz or 220V/50Hz
