

Product Name :
Hot Plate with Stirrer**Product Code :**
CLC-LAB0037**Description :**

Hot Plate with Stirrer

Technical Specification :

Electronically controlled motor with infinitely variable speed, Single stirring place.

Ceramic glass heating surface and synthetic lower base.

Maximum Speed: 100-2000rpm (approx.)

Maximum Stirring capacity: 15L

Heating power: 500W(approx.)

Temperature control, adjustable to 450C.

Voltage: 120V, 60Hz+ or 230V, 50Hz

Power: 220V/50Hz, with voltage surge protection
