

Product Name :
Instruments Cabinet Double Door

Product Code :
MED-DEV0017

Description :

Instruments Cabinet Double Door

Technical Specification :

Instruments storage cabinet, double door

High resistance to corrosion

Adjustable feet: rubber or nylon

Mounted on 4 sturdy supports, all finished with height adjustable feet

Recessed safety glass in the doors allows for viewing of cabinet content

Frame, side panels, base, top and shelves: epoxy coated plate steel

Doors: hardened safety glass, grounded edges, with key-lock.

Two-point lock, slides in frame at the top and base

Doors are triple hinged, closed with handle and lockable with key

Inside reinforced fixtures facilitate height adjustment of the 4 shelves

Clearance underneath the cabinet allows for easy cleaning

Safety glass is supported by door frame on both sides, leaving no glass edges exposed

Key is unique for each single cabinet, key-bow folds away from key-blade avoiding breakage when inside lock
