

Product Name :

Adolescent Kit

Product Code :

EDKT0032

Description :

Adolescent Kit

Technical Specification :

The Adolescent Kit for Expression and Innovation is a package of guidance, tools and supplies to support country programmers to reach and engage adolescents ages 10-17 affected by conflict and other crises.

The purpose of the Kit is to promote positive outcomes for adolescents' psychosocial wellbeing, life skills and active engagement in their communities.

The Kit uses the arts, innovation and adolescent-led projects as methods to achieve those outcomes.

Flexible and adaptable, the Kit can be used in a range of programming contexts, including recent-onset emergencies and protracted crises, as well as other low resource environments.
