

Product Name :
UV Photo Reactor**Product Code :**
ALABS-A56-015**Description :****UV Photo Reactor**

We are one of the prominent manufacturers, suppliers, traders and exporters of **UV Photo Reactor**. Manufactured as per the industry set standards, these UV photo reactors are commonly used in various chemical engineering reactions. These reactors are manufactured using the latest tools and equipment to ensure high standards of quality.

Specifications:

- Manometer Accuracy: ± 0.4
- Heating Power: 1600 W
- Power: 220 V 50 Hz AC
