

Product Name :
Portable Dissolved Oxygen Meter

Product Code :
ALABS-A115-093

Description :

Portable Dissolved Oxygen Meter

- On-screen tutorial messages
- Two point calibration
- HI 9146 is a water-resistant, dissolved oxygen meter that track up to 300% saturation or 45 ppm (mg/L) with temperature compensation and automatic calibration
- Auto endpoint
- DO range up to 300%, temperature compensated
- The included polarographic probe possess a built-in temperature compensation and removable protective membrane cover
- Altitude compensation up to 4000 m
- Salinity compensation up to 80 g/L
- Automatic calibration in air
