

Product Name:

Test Tube Stand

Product Code:

ALABS-A173-003

Description:

Test Tube Stand

An economical substitute for wire racks, here are these submersible, autoclavable racks which are stackable when empty. These are available in different colors and are made of a special blend of Polypropylene that makes it sink in a water bath and maintain their stability even in agitated water. These space saving racks can easily be disassembled for cleaning purpose, the base is in the form of a grid with square openings and fold up sides and end bars that lock into rack tops.
