

Product Name :

Liquid-To-Liquid Extraction Demonstrator

Product Code :

ALABS-A183-002

**Description :****Liquid-To-Liquid Extraction Demonstrator**

The Liquid-To-Liquid Extraction Demonstrator has been developed to permit student study of the fundamentals of a liquid-to-liquid extraction system. In addition to demonstrating the hydrodynamics of liquid-to-liquid extraction systems and interface control techniques, this unit can also be used to determine the mass transfer rates, heat transfer coefficients, extraction efficiency, and operating conditions at different liquid flow rates
