

**Product Name :**  
Hygrometer Wet And Dry Bulb**Product Code :**  
ALABS-A187-029**Description :****Hygrometer Wet And Dry Bulb**

Comprising two thermometers tubes with double scale graduation, mounted on a weather-proof case with shade. Scales graduated  $-10$  to  $50 \times 1^{\circ}\text{C}$  and  $20$  to  $120 \times 2^{\circ}\text{F}$ . One thermometer kept dry and other has bulb covered with muslin or wick, dipped into a water reservoir, which keeps it wet during long periods of non-use. Comparing the reading of wet and dry thermometer from the humidity and temperature conversion chart included, relative humidity can be worked out. Mounted on wooden base.
