

Product Name :
Series Parallel Pumps

Product Code :
ALABS-A43-052

Description :

Series Parallel Pumps

- Fixed speed pump with similar performance characteristics to pump in Hydraulics Bench
- Mounted on floor standing plinth with ON/OFF switch
- Discharge manifold with flow control valve and pressure gauges
- All hoses and fittings supplied for easy connection to hydraulics bench in either series or parallel configuration
- Educational Software available as an option

Description:

- This accessory comprises a fixed speed pump assembly and independent discharge manifold interconnected by flexible tubing with quick release connectors. This auxiliary pump is intended to be used in conjunction with the basic Hydraulics Bench.
- The auxiliary pump is mounted on a support plinth which stands adjacent to the Hydraulics Bench

primary pump.
