

Product Name :
Archimedes Principle Trainer

Product Code :
ALABS-A189-021

Description :

Archimedes Principle Trainer

Test objects in beachwood are sphere, cone, cylinder and cube. Metal Test objects in aluminium, brass and steel. Weights supplied 1x 1N, 4x 0.2N, 2x 0.1N. Fluid tank 1000ml scale, 20ml increments. Instruction manual supplied

Experimental Capabilities:

Demonstration of Archimedes Principle
Buoyancy force & moment calculations. Determination of weight of fluid displaced for different test object volumes. Buoyancy force variation with variation in test fluid. Working out density, calculating displaced volume
