

**Product Name:** 

Skeleton With Joints

**Product Code:** 

ALABS-A144-129

## **Description:**

**Skeleton With Joints** This 1/2 life-size model shows the anatomy of the human skeleton in great detail. The skull can be disassembled into 3 parts: skullcap, base of skull and mandible. The right side shows all the main joints: shoulder, elbow, hip and knee. The left arm and leg can be removed easily.
