

**Product Name :**  
Vertebrate Fossil Dig**Product Code :**  
ALABS-A206-009**Description :****Vertebrate Fossil Dig**

Let your students in grades 6-12 experience the excitement of a realistic fossil dig. These fossils are genuine vertebrate fossils and are encased in sediment similar to that in its natural location. (is it really an artificial sediment or is it the real thing) This kit includes a guide, brush, magnifying glass and a digging tool.
