

Product Name :
Three-Phase Motor Kit**Product Code :**
ALABS-A85-551**Description :****Three-Phase Motor Kit**

Y series motor is totally enclosed, fan-cooled, three-phase squirrel cage induction motor that is newly designed according to the relevant requirements of IEC standards. Y series motors have outstanding performance, such as high efficiency, energy-saving,

high starting torque, low noise, little vibration, reliable operation and easy maintenance. Y series motors are widely used in many places where there doesn't exist combustible explosive or corrosive gas, and without any special requirements, such as machine tools, pumps, fans, transport machinery, mixers, agriculture machinery and food machines. Features:
Protection Rated frequency: 50Hz
