

Product Name :
Physical Relief Globe

Product Code :
ALABS-A85-606

Description :

Physical Relief Globe

A twelve inches raised relief globe combined with political features, makes it useful for showing the effects vis-à-vis natural geographical boundaries. Contains realistic portrayal of the Earth's surface with colouring depicting natural vegetation, including areas, where the natural environment has given way to man's cultivation and urbanization. The physical relief details are clearly printed. Mounted on pivots in half-meridian frame on a stable base.
