

Product Name:

Strip Tester

Product Code: ALABS-A85-745

Description:

Strip Tester

To compare the breaking strain, stretch of carry bag handles, strength of newspaper, stretch of plastic film etc. a pair of strong wooden clamps are used. To avoid slipping of strip, clamps have wing nut fixing and a metallic bar attachment system. The clamps can hook on to a standard laboratory clamp with stand and bottom clamp is loaded by means of standard slotted weights
