

**Product Name :**  
Cryo Rack (Polycarbonate)**Product Code :**  
ALTECEDULABB0602**Description :****Cryo Rack (Polycarbonate)**

CRYO Rack is moulded in Polycarbonate making it tough, durable & autoclavable. This handy rack can hold 50 vials at a time. The unique feature of this rack is that vials can be unscrewed without actually picking them up as the vial will lock in every well and hence will not twist. This rack is provided with four anti skid rubbers & each well is identified with an alpha-numeric index.

**Particulars (Sizes)**

50 Places for 1, 1.8 & 4.5ml cryo Vials
