

Product Name :

Head Loupe

Product Code :

ALTECEDULABB0816

**Description :****Head Loupe**

Mounted on a comfortable and adjustable headband, it can be flipped up when not in use. As viewing involves both eyes simultaneously, this magnifier provides 3D vision enabling fine manual coordination. The lenses have built-in prisms that eliminate squinting and eyestrain. Can also be worn over spectacles. Available with inter-pupillary distance adjustment, a feature offered only by highest quality Head Loupes. Side visors cut out extraneous glare, thus providing cool vision. This magnifier is best suited for any kind of detail work where both hands are required to be free to attend the work. Available in 4 models giving different magnifications.
