

Product Name :
Biological Stereo Zoom Microscope

Product Code :
ALTECEDULABC1197

Description :

Biological Stereo Zoom Microscope

The special character of Zoom Microscope is that one can observe the object in three dimensions in the field of view. It is ideally suited for industries as well as biological research where high precision, maximum working distance and field coverage required. The flat field parfocal zoom objectives provide continuously variable magnification up to 200x depending upon the eyepieces and auxiliary lenses used.
