

Product Name :
CO2 Incubator**Product Code :**
ALABS-A54-010**Description :****CO2 Incubator**

- With the solid double walled door, a full view inner plexi-glass door enables inspection of specimens inside the chamber without disturbing the process temperature
- Programmable CO₂ sensor **AUTO-START**
- The excellent quality of magnetic gum packing for the external door.
- User-oriented design of shelves makes you adjust each space of shelves without difficulty.
- With forced air circulation at triple walled back, it maintains optimum uniformity of distribution of temperature.
- High grade **Polyurethane Foam (PUF) insulation** between outer and inner chamber for minimal thermal loss.
- Caster wheel mounted exterior cabinet is made of steel sheet duly powder coated.
- Inner chamber and trays are made of stainless steel sheet (SS-304 grade).

- Front double walled door is provided with lock and key arrangement.
- Door operated illumination lamp is fitted inside the chamber for easy visibility.
- Safety thermostat to prevent overheating.
- Fitted with Microprocessor Based Digital Temperature Indicator-Cum-Controller to control the temperature from 5°C to 60°C $\pm 0.5^{\circ}\text{C}$.
- CFC Free Eco Friendly Compressor.
- Inner Chamber Size : 505mm X 415mm X 830mm.
- Capacity: 175ltrs. (Volume : 6.5Cuft)
- Fitted with inlet nozzle for monitoring CO₂ gas or CO₂ gas/air mixture.
- To work on 220/230 volts A.C
